## DONATIONS MAKE POSSIBLE HIGH SCHOOL GYMNASIUM

Work Has Already Started On Building; Will be Able to Play  
On Floor by December 1, Officials State.

Personally I want to express my appreciation and thanks to those who have so willingly responded to the call of the school children for assistance in building a gymnasium.

The City Board of Education, together with help from the County Board of Education, let the contract for the gymnasium, but I am of the opinion that any donations to this fund will be cheerfully received.

I, too, am anxious that a walk be built to the school houses from the foot of the hill at the Baptist church. It may be part of this walk will be made of lumber, as it will interfere with the contemplated street.

A committee from the high school was selected to present the project to the people of this community. On last Saturday afternoon, two hours Monday afternoon and a little while Tuesday afternoon the following men and women were seen. Many of you have not been seen, but it is the earnest desire that each of you will contribute as generously as possible.

"We the undersigned, realizing the need of a gymnasium and walk for the boys and girls of the Whitesburg Graded and High School, promise to pay on demand the amount opposite our names to help equip the gymnasium and build a walk from the foot of the hill at the Baptist church to the gymnasium and to both school buildings:

## A YOUNG MOTHER IS CALLED HOME

On Monday morning, Nov. 14, at 2:30 the death angel entered the home of Troy Tolliver and took away his loving wife, Lake Holbrook Tolliver. She had been ill three weeks with typhoid.

Mrs. Tolliver was the daughter of Jason Holbrook and was born Dec. 20, 1911; was married to Troy Tolliver Oct. 17, 1916, and to this union was born one son, Robert Leo, about 5 months old.

The funeral was preached at Neon church by Brother E. W. Roach of the First Baptist church of McRoberts.

The church was beautifully decorated with flowers and crepe.

The remains were taken to the Potter cemetery at Kona for burial. The Neon choir, of which she was a member, sang her favorite songs at the grave, after which she was laid to rest.

Our loss is heaven's gain.  
—A Friend

## Official Count Not Yet Complete In State Races

The official count in the election in the state races is not yet finished. Both sides concede the election of Judge Sampson as governor, but there is some question as to a few of the minor state races. Both Democratic and Republican candidates are claiming victory here. It will take the completed official count to decide the question to the satisfaction of all.

Our former townsman, I. B. Ritchie, has bought the G. M. Ridenour grocery in Neon and reports that he is doing a good business there. He is well known as a groceryman here.

## COUNTY BOARD MEMBERS ELECTED

Willie Caudill was elected to the County Board of Education from the Fifth division to take the place of Pearl B. Dixon; and Jim Whitaker, from the Fourth, to take the place of John D. Huff, in the recent election. Both these men have the interests of the schools at heart and will no doubt contribute their part to the carrying out of the plans and program of the present board.

## E. L. FRAZIER HEADS DRIVE

Attorney Will Lead County in  
Drive to Acquire Mammoth Cave.

Emery L. Frazier, attorney, will be chairman of Letcher county in the great campaign that will be commenced throughout Kentucky during the latter part of the year under auspices of the Mammoth Cave National Park Association to make the famous caverns and the beautiful region in which they are situated national playground.

Mr. Frazier was appointed to this post by Jesse Morgan, president of the First National Bank of Hazard and chairman of the Region of Southern Kentucky in the campaign. This region is composed of 13 counties or about one-tenth of the total area of the state.

The organization of the campaign in this county will be under the full direction of Mr. Frazier. According to the Mammoth Cave Park Association the acquisition of the park will be one of the greatest benefits Kentucky has ever had the opportunity to get. Not only will it be a matter of great state pride, but it will bring good roads throughout the state, it is said, and the tourist traffic will result in millions of dollars annually.

It is pointed out that eastern Kentucky, with its beautiful scenery, its points of historic and romantic interest, and its strategic position between the proposed Mammoth Cave park and the present Shenandoah and Smoky Mountain national parks will attract a large number of tourists.

Arthur Bastin left early in the week to be in Laurel county for the opening of the hunting season.

Misses Rose Marie and Henrietta Roe Zimmerman spent the week end at McRoberts, with relatives.

Miss Verna Back spent the week end with Miss Beulah Cooksey at Hazard.

Miss Mary Gee Davis is quite ill at the home of her parents.

## GIVES UNIT WORK PLANS

As Health Officer for Letcher county I have been asked to say something of the Unit through the columns of our local papers.

This unit was organized some months ago, with a health officer, two nurses and a sanitary inspector in charge of the work. Shortly after its organization the doctor say fit to resign as health officer, and the remaining members of the unit battled along in the work, accomplishing, under the circumstances, a great deal of good in health problems.

About two weeks ago I was assigned to this unit as their health director. Up to this time the unit, without any definite plans or directions, had visited and given typhoid inoculations in 34 schools of the county, besides doing inspection work in many of the schools, holding some clinics, and causing the erection of 14 new sanitary privies and the repair of many old ones. Altogether and in the absence of director, exceptionally good work has been done, and to Misses McLain and Flock and Mr. Blair I say I congratulate you on accomplishing such work. As your new director I hope to be a stimulus to the work, and to your continued efforts, and to assist you in rendering even better service in our future campaign against disease in Whitesburg and Letcher.

Our plans as outlined at present are directed toward the prevention, as far as possible, of communicable and infectious diseases, such as typhoid fever, diphtheria, and smallpox; and with the co-operation of parents and teachers and children, we can be of inestimable value along this line to the county as a whole, and we ask your support. Without your help, our efforts will be in vain.

We hope to finish as speedily as possible the remaining rural schools with the vaccinations against smallpox and typhoid fever and immunization against diphtheria.

Diphtheria we all know is one of the most dreaded disease of childhood, and the fact that it occurs more frequently with children in school prompts us not only to invite but to urge parents to take advantage of the opportunity to get the little folks protected against the disease by having them immunized at their earliest convenience.

We advise vaccination against smallpox at all times for all ages, but especially do we advise same just at this time on account of the incidence of three cases now existing in this county, from which there has been more than a hundred exposures already. R. E. May, Director, Letcher Co. Health Unit.

## SUPT. SQUIRES ORGANIZES EXTENSION CLASS

An extension class of about 20 members has been organized by Supt. R. Dean Squires. This group meets each Saturday. The members are taking a course in "Sociology, its Development and Application." This is college work, and when completed, gives three semester hours credit.

## METHODIST WOMAN'S MISSIONARY SOCIETY MEETS TUESDAY

The Woman's Missionary Society of the Methodist church met at the home of Mrs. J. G. Gault on Tuesday, Nov. 15. This was the occasion of the annual election of officers, and the following accepted the offices as elected:

Mrs. J. G. Gault, president; Mrs. Stephen Combs, Jr., vice president; Mrs. C. L. Kilgore, recording secretary; Mrs. G. H. Zimmerman, local treasurer; Mrs. Raymond Logan, general treasurer; Mrs. Campbell, agent for Missionary Voice.

## WOAMN'S CLUB MEETS

A regular meeting of the Woman's Club was held Saturday, November 12, in the clubrooms in the Letcher State Bank building, with 12 members present. Mrs. R. Dean Squires presided in the absence of the president, Mrs. Emery L. Frazier. Excellent reports were given by delegates attending the district meeting at Pikeville recently. Mrs. G. H. Picklesimer, Chmn. Press Com.

Mr. and Mrs. G. H. Zimmerman entertained for six o'clock dinner Friday. The guests were: Rev. Tomlin, Prof. and Mrs. H. H. Harris, Mr. and Mrs. Stephen Combs, Jr. The occasion was in celebration of the wedding anniversary of Prof. and Mrs. H. H. Harris.

H. R. McMillan, editor of the Hazard Leader, and James Wooten, foreman of the press room, were in Whitesburg on business Saturday.

Olney Hammonds was in town during the week end. He has been located at Blackey for several weeks past.

Ward Renaker and Watty Holbrook are in Cynthia this week, shooting at poor little innocent birds.

Mrs. D. R. Yeary and children, who have been visiting her parents, Dr. and Mrs. J. M. Bentley of this city, have returned to their home in Tennessee.

## BIG HIGHWAY CELEBRATION WILL BE STAGED SATURDAY

Jubilee Over Opening of Kentucky-Virginia Highway at Pound Gap to be Observed.

## THE SEASON'S PRETTIEST PARTY

Mrs. B. F. Salyer entertained on Saturday evening, Nov. 12, in honor of her daughter, Miss Eline's thirteenth birthday. The house was beautifully decorated in yellow and white, with favors and refreshments carrying out the color scheme. Eline received many gifts in honor of the occasion. All bid good-bye at a late hour, wishing the hostess would give many more such parties. Mrs. Salyer was assisted in entertaining by Misses Margaret Gault and Eline Salyer, and Mrs. J. G. Gault. The guests:

Ruby Caudill, June Fields, Eunice Blair, Margaret Gault, Stivers Blair, Rosemary Gault, Dorothy Williams, Stella Blair, Lucile Bach, Genevieve Chase Davis, Walter James Hunton, Mary Daniel Hunton, Annie Autrey, Danola Fields, Carlene Kilgore, Henrietta Zimmerman, Rosemarie Zimmerman, Ralph Frazier, Fonda Frazier, Ballard Clay, Donald Brown.

## O. E. S. MEETS

Hester Chapter 14 O. E. S. will hold stated meeting Friday, Nov. 18, at 7 p.m. The Worthy Matron will give a report of the recent state convention at Lexington. Helen G. Slona, W. M. Ella C. Back, Secy.

J. H. McKinney, salesman for Van Deren Hardware company of Lexington, was calling on our merchants this week.

Saturday, November 19, is the day set for celebration of the opening of the Kentucky-Virginia highway at Pound Gap. A program of speaking, football and dancing has been arranged by Norton and Jenkins.

Former governor Trinkle and perhaps Governor Byrd will represent Virginia. Governor Fields and Governor-elect Sampson will represent Kentucky at the affair. A motorcade will leave Norton at 11 a. m. and will return at 4:30 for the big dance there that night.

Jenkins and Norton play a football game at 1 p. m. The opening ceremonies will be held at Pound Gap at 3 p. m. The public is cordially invited to all of these activities.

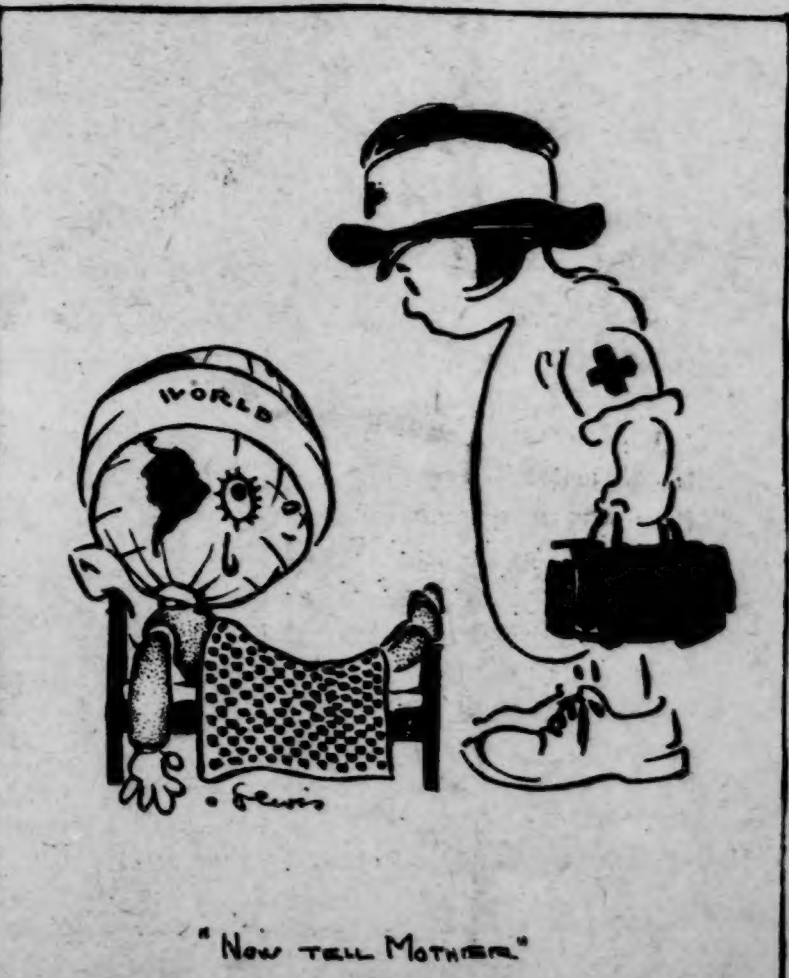

## BRIDGE-BIRTHDAY PARTY

Mr. and Mrs. Felix G. Fields entertained with four tables of bridge in their lovely new home Thursday night. It was also Mr. Fields' birthday, and Mrs. Fields presented him with a large cake which he generously shared with his guests. Mrs. G. H. Picklesimer won the prize for the high score of the evening in bridge among the women; and C. H. Burton among the men.

Miss Amanda Gibson assisted the hostess in entertaining the visitors.

Mrs. Jesse Powell of McRoberts recently underwent a serious operation. She is recovering nicely and hopes to be able to return home soon. She is the daughter of Hiram Cornett.

Rev. I. E. Enlow has returned from a Baptist Conference in the Bluegrass section, where he went as a messenger from this church.

## THE HUNTING SEASON

The woods are russett brown,  
orange and hectic red; trees are  
no longer full-plumed warriors,  
but stand in stark outline  
against the cloud-furried sky;  
the fields are stripped of their  
bright flowers and rich green;  
there's a tang in the air; and  
the Bob White has changed his  
mate call for the covey call. It's  
the hunting season!

It is estimated that 10,000 Ken-  
tuckians were in the field on the  
opening day of the season, Nov.  
15. Why? Because those 10,000  
hunters and the other 40,000  
who will be out before the sea-  
son ends are lovers of the out-  
doors. Thoughts of the whirring  
quail or the swift cottontail fire  
their blood with a desire to  
tramp the fields and woods,  
breathe deeply of the ozone in  
the air on a fall day, and come  
back home tired but with many  
tales to tell.

It is well. In this highly civil-  
ized age there must be some-  
thing to protect man against  
himself, to prevent flabby mus-  
cles from becoming incapable of  
standing the strain of a highly  
trained and energy consumed  
mind.

There must be hardening pro-  
cesses to prevent sissism. Ev-  
ery man should get thoroughly  
tired and grimy occasionally.  
Else there is danger of becom-  
ing effeminate.

And out in the fields and  
woods, where the air is pure and  
blameless rules, where the pipe  
smokes best and greed is least  
often found, is an admirable  
place to show a tea-hound how  
a real he-man looks and acts.

## THANKSGIVING

When the Pilgrims, more than  
three hundred years ago, set  
apart a day for giving thanks,  
they felt in their hearts the de-  
sire to give thanks. They had  
known what hunger and cold and  
death meant. And in natural  
worship they praised God for His  
bountiful harvest.

Too many of us in these days  
of plenty forget the real signifi-  
cance of Thanksgiving. We ac-  
cept good food, warm clothes,  
the telephone, electric light, au-  
tomobiles, schools and churches  
as a matter of fact. We fail to  
realize that all of these things  
have cost blood and money, fer-  
vent prayer and days of anxiety.  
We are prone to assume that all  
of the good things of life be-  
long to us, forgetting that there  
is a "destiny that shapes our  
ends, rough-hew them how we  
may."

Destiny, or God, or some Pow-  
er, rules the universe; and to  
Him belongs thanksgiving. Man  
is naturally worshipful, no mat-  
ter how rebellious he may be-  
come at times; and he feels a  
sense of satisfaction in giving  
praise to the sender of light  
and love and plenty. It is only  
through the accumulation of  
carelessness that he fails to do  
this.

President Coolidge has set  
apart November 24 as Thank-  
sgiving Day. am not informed as  
to whether the churches of  
Whitesburg will have services

on this day, but it would be a  
fine thing to have either a union  
service or services in each  
church separately.

## MIDDLE MILLSTONE

The Teachers and Parents as-  
sociation met in regular session  
and the speakers acquitted them-  
selves well and general interest  
was manifest. A class in music  
is being organized for night ses-  
sions in connection with the as-  
sociation, with C. L. Lewis as  
instructor.

Mr. Boggs, the superintend-  
speaker on the night of the 24th.  
John Stallard, efficient barber  
of Millstone, recently moved to  
the Sandy Adams property.

Mr. Stidham has just located  
on his property, purchased re-  
cently from J. S. Holbrook at the  
forks of Millstone.

Coal operations looks more fav-  
orable in this section. Logging  
on Millstone is progressing fine.  
It is reported that Blaine Kiser  
is improving. —Joseph Hall.

## LOST

I will pay \$10 each to any per-  
son who will find two cows that  
were lost out of a drove of cat-  
tle, between Elsiecoal, Ky., and  
Cumberland river. Cattle was  
bought from Tinsley Ison and  
driven by I. D. Ingram and a  
Mr. Ison, on Sept. 15, 1927

S. N. Gibson, Nickelsville, Va.

Mrs. Davis is planning to give  
the children a matinee Thanks-  
giving at the Kariton especially  
for children. She will present  
Jackie Coogan in "Johnny Get  
Your Haircut."

A. J. Clay and family moved  
from Campranch to our city.

## Nurse Advises WEAK, RUN-DOWN WOMEN To Take Cardui

"I have known of Cardui for  
nearly twenty-five years," says Mrs.  
Selma McDaniel, 1072 Harrison Ave.,  
Beaumont, Texas. "During that  
time, I have taken it several times  
and have frequently recommended  
it to others for it is a splendid  
medicine and I am glad to give  
people the benefit of my experience."  
"I have been a nurse for several  
years and have often come in con-  
tact with patients who were run-  
down and weak. Often I have told  
sufferers of Cardui, and the way I  
myself had been helped after tak-  
ing it, and advised them to give it  
a trial. Many of them have since  
thanked me for what I told them,  
so I am willing that other women  
should know about it, too."

"I first took Cardui because I was  
severely run-down. I had no ap-  
petite, and was weak and listless. It  
was hard to keep going under such  
conditions, and I looked for some-  
thing which would help me."

"I had read of Cardui and decided  
to try it. After taking it, I im-  
proved so much that I have taken it  
since whenever I needed a tonic."

Sold by all druggists.

## WE WILL SHOW YOU AT OUR EXPENSE AND LET YOU BE THE JUDGE

We certainly want an opportunity to show you  
the choice lots we have for sale on the LILLY AD-  
DITION to Elizabethton, Tenn. These lots are es-  
pecially well located, being only a short distance  
from the center of the city, and a portion of the  
Lilly Addition is a high grade, restricted section.

We do not believe that there is a city in the  
south that holds out such wonderful opportunities  
for future growth as does Elizabethton, from the  
fact that there is under construction at Elizabet-  
hton two of what are said to be, when completed,  
the largest plants of their kind in the United  
States. Call at our Elizabethton Office on ground  
floor of the First National Bank building.

We would like for you to see the choice lots we  
have for sale on the East Gate Addition to the  
City of Roanoke, Virginia. The great silk plant at  
Roanoke has under construction at this time its  
sixth unit. There is also under construction at  
Roanoke a large furniture factory. In fact, Roan-  
oke is nothing more or less than a great industrial  
city. If interested, call at our Roanoke office, on  
the sixth floor of the MacBain building.

Our terms are 5 per cent down, 2 1-2 per cent a  
month, without interest or taxes, and in case of  
your death the property is deeded to your benefi-  
ciary without any further payment.

If interested, be sure and write us at once, at  
Princeton, W. Va., stating the property you are  
interested in, and we will have one of our repre-  
sentatives call on you and explain our proposition  
fully and will arrange to take you to see the prop-  
erty and return, by way of automobile, ABSO-  
LUTELY FREE! We are willing to show you  
what we have to offer at our expense and let you  
be the JUDGE! Let us hear from you.

do you talk in your telephone - or at it?

This is the right way to hold the telephone—directly in front of and one inch away from the lips. The mouthpiece catches the sound waves (represented by the dotted lines) so that your voice is heard clearly.

And this is the wrong way to hold the telephone. The full force of the sound waves escapes the mouthpiece, and the voice is heard indistinctly.

**T**HE rubber mouthpiece on the telephone transmitter was put there for a specific purpose. It concentrates the sound waves when you speak in your telephone. Now if you merely talk at your telephone, holding the transmitter to one side or several inches away from your lips, the mouthpiece cannot help you. Furthermore, the person at the other end of the line will find it difficult to understand you.

If the person you are talking with complains that he cannot hear you—try holding the transmitter as directed.

## 'SWEET RUNNING'

A feature of the NEW Maytag aluminum washer

THE astonishing smoothness, the remarkable absence of vibration, that characterize the movements of the NEW Maytag Washer, are silent but striking evidence of perfect engineering. As the automobile mechanic would say, it is "Sweet Running."

The Roller Water Remover of the New Maytag marks another advance in washing machine construction. Its never-crush roll thoroughly removes the surplus soap and water from the clothes with perfect safety to delicate buttons and filmy laces. It is the safest, most effective method of water removal known and is obtainable only with the NEW Maytag.

## RED CROSS FLOOD RELIEF IN SOUTH COSTS \$17,000,000

Greatest Disaster of History but  
One of 111 Operations in  
Year of Calamity.

Tornadoes headed the list of disasters which struck the United States in the past year, the report of Red Cross relief operations for the year ending June 30, showing 29 great storms. Floods were second on the list, 24 being recorded for the same period.

This record does not include the St. Louis tornado which occurred in the current fiscal year, as did a number of other storms and disasters, in which the Red Cross provided relief.

Included in the list of 111 disasters covered by the record of the past year's relief operations of the Red Cross, are earthquakes, explosions, mine disasters, a cloudburst, a hailstorm, fires, floods, hurricanes, a railroad wreck, a scarlet fever epidemic, typhoid epidemic, tornadoes, and a typhoon. The latter occurred in the Philippines, but is included in the operations at home. In all, the Red Cross extended its services in 77 major disasters in the United States and in 20 abroad, including a hurricane over Havana, Cuba, and the Isle of Pines, one in the Bahamas, and others through various West Indian regions, fire in Porto Rico, another in Haiti, earthquakes in Armonia, Japan and Albania, floods in Jugoslawia and Mexico.

The organization conducted refugee relief operations in Syria, Bulgaria and China, the latter largely due to factional wars fought over various parts of China the past year.

The two outstanding disasters at home were the Florida hurricane and the Mississippi Valley flood. Rehabilitation operations of the latter disaster are still in progress under the Red Cross. A national appeal for funds was made in both disasters, resulting in contributions for relief amounting to more than \$20,000,000.

The Mississippi flood is the outstanding disaster in the whole history of the Red Cross disaster relief service. In this one catastrophe the organization raised through subscriptions by the people of the country and foreign nations approximately \$17,000,000 for relief use. Aided by this fund it fed, clothed, sheltered or otherwise assisted more than 600,000 human beings, fed and cared for approximately 200,000 head of livestock and established 149 refugee camps. The flood inundated approximately 20,000 square miles and affected 171 counties in eight states. Some 330,000 homeless persons were sheltered in Red Cross camps. When the emergency was at its height the Red Cross was serving more than a million meals a day.

So vast was the work imposed on the Red Cross and allied agencies conducting rehabilitation that this phase of the flood relief task is expected to extend well into the coming year. Up to September 15, 101,431 families in the flood zone had been given rehabilitation assistance by the Red Cross, and 1,700,000 acres of flooded crop land in seven States had been replanted with Red Cross aid. There had been expended or committed for expenditure in connection with this relief and rehabilitation work a total of \$15,660,000.

The appeal for a nation-wide membership increased to 5,000,000 adult members. It was pointed out, it is based on the realization that demands on Red Cross service such as occasioned by disaster relief are increasing each year. For that reason especial importance is lent to the Eleventh Annual Roll Call of the organization, to be held from Armistice Day, November 11, to Thanksgiving, November 24, during which this membership will be built up.

### 14 Disasters at One Time Call for Red Cross Work

The great size of a disaster does not necessarily mean that it has the stage to itself.

The American Red Cross relief forces were impressed with this fact during the Mississippi Valley flood in recent months. While the relief forces were struggling with this greatest of all disasters in United States history, from April to June they were obliged to furnish relief in 21 other emergencies, including 11 tornadoes. In one tornado approximately 17,000 persons were assisted.

At one period the Red Cross was conducting relief operations in 14 disasters simultaneously, scattered over a wide territory.

Citing the continuity of demands on the organization's resources, Chairman John Barton Payne of the Red Cross has announced the need of 5,000,000 adult members as a result of the Roll Call, Nov. 11 to 24.

The Tenth Anniversary of America's entry into the World War in 1917, is an appropriate time to join the American Red Cross and participate through membership in its peace-time services. Join during the Annual Roll Call, November 11 to 24.

## RED CROSS VOLUNTEER WORKERS BIG FACTOR

Broader Industry in Home Chapter and in Field Development of Disaster Service.

Volunteer industry in the American Red Cross is on an upward trend, due to the broader demand for assistance in meeting disaster relief requirements. Men and women from Red Cross chapters in the last year exemplified their work for disaster victims a greater activity than in any year since the end of the World War.

This service was given without stint and with the finest of spirit, according to Red Cross officials. Volunteer Red Cross workers have served by the thousands with the local chapters in garment production, printing, raised-type reading matter for the blind, in hospital service, as canteen workers and motor corps aids. Nearly all active chapter workers are volunteers.

More than 90 per cent of the available reading material for the blind is produced by volunteer Red Cross workers. Volunteers produced 175,481 garments, 2,057,912 surgical dressings for hospital use, and 6,398 articles for emergency closets maintained by Red Cross chapters in various communities for disaster and other emergencies. The garment production, large as it was, did not include the thousands of garments made for the Mississippi flood sufferers by volunteers. Another important volunteer service is the preparation and sending of 30,000 Christmas bags to soldiers and blue-jackets on duty in foreign stations.

Approximately 250 chapters participate in Motor Corps service, while the growing interest of volunteers in health work constitutes an additional community safeguard in emergencies when the services of regular nurses might be overtaxed.

Volunteer service will be an important factor in the forthcoming eleventh Annual Roll Call, from November 11 to 24, in enrolling the 5,000,000 membership to be sought.

## POWER FARMING TO SOLVE PROBLEMS OF AGRICULTURE

Cultivating a two-foot stand of cotton with a Fordson tractor-drawn cultivator.

THE Department of Agriculture of the State College of Pennsylvania, in conducting the most exhaustive experiments ever undertaken to develop new and varied uses for light tractors on American farms.

This development of "power farming" for greater economy in time, labor and general operating costs, is being conducted with the aid of the Department of Agriculture of the Federal Government, through the use of special appropriations from the "Purnell Fund" which the Government has for such purposes.

For several years agricultural experts at the State College of Pennsylvania have seen that farmers the country over are not putting their light tractors to the broadest possible range of use. Too many of the farmers, they have found, confine their tractor work to plowing and harrowing, when they might be employing these same light

tractors also for planting and cultivating, spraying and for the harvesting of a wider variety of crops than have heretofore been thought to be suitable for tractor and tractor equipment work.

The use of horse-drawn equipment, with the extra time and labor required to handle it and the cost of feeding horses and mules during the comparatively idle winter season, is becoming almost prohibitive to many American farmers. Light tractors are becoming cheaper and more efficient. Manufacturers of farm equipment are giving more and more attention to the adaptation of farm machinery to tractor power units.
